Dressingrooms

Contractor agrees to provide at no cost and free to use to artist: A dressing-room exclusive for the use of Monsters of pop crew and band and should easily hold 10 people. In the dressing- room we need 10 (ten) towels and floating water. The dressing-room has to be lockable, and if this is not possible at least one security member will guard the door. If there is no inhouse shower available contractor provides a hotel shower room (at no cost for the artist!). We would be very happy with a broadband (wireless) internet connection.

Catering
